The SolCyber Difference

A New Standard in Cybersecurity

98% OF DETECTED INCIDENTS ARE RESOLVED WITHOUT CUSTOMER INVOLVEMENT.

- Human-driven response by level 2 analysts.
- Automated resolution for common issues.

COMPREHENSIVE COVERAGE OF MODERN THREATS – EVEN ONES WITHOUT MALWARE.

- Identity-first platform with built-in user behavioral analysis.
- Correlation by users and not IP.

TALK TO A HUMAN AND GET HELP WITH ANYTHING.

- Assigned knowledgeable crew.
- Not restricted to incident related queries.

ONE VENDOR THAT OWNS SECURITY.

- Includes implementation, ongoing maintenance of policies.
- Call the same people whether it's a tech fault or security related.

SECURITY BASED ON WHAT YOU OWN AND KNOW.

- Support for over 500 technologies
- Incorporate current technologies while preserving desired outcomes.
- Bundled technologies that you trust.
